## Amendments to the Claims

From-7144

This listing of claims will replace all prior versions, and listings, of claims in the application.

## Listing of Claims:

- (currently amended) A method of treating cervical dysplasia in a subject having cervical dysplasia comprising administering to the subject an amount of a dietary indole selected from the group consisting of 3.3'-Diindolylmethane (DIM) and 2-(Indol-3-vlmethyl)-3,3'-Diindolylmethane (LTr-1) effective to reduce one or more symptoms associated with cervical dysplasia.
- (currently amended) The method of claim I, wherein the dietary indole is DIM. 2.
- (original) The method of claim 2, wherein the DIM is suspended as microparticles in 3. a starch carrier matrix.
- (original) The method of claim 1, wherein the dietary indole is formulated as a cream or suppository.
- (original) The method of claim 4, wherein the dietary indole is administered by direct 5. application to the vaginal or cervical mucosa of the subject.
- (original) The method of claim 4, wherein the dietary indole is formulated as a cream, and is administered transdermally.
- (original) The method of claim 1, wherein the dietary indole is administered orally. 7.
- 8-14. (canceled)
- (new) The method of claim 1, wherein the subject is a human female. 15.
